Acceptable Use of Technology Policy – Learner Agreement - Key Stage 2 (7-11)

I understand that the Higham Primary School Acceptable Use Policy will help keep me safe and happy online at home and at school.

Safe

- I will behave online the same way as I behave in the classroom.
- I will be polite, friendly and sensible when I message people online and I know that sending a message is the same as having a conversation with someone. I will not be rude or hurt someone's feelings online.
- I will only post pictures or videos on the internet if they are safe and appropriate, and if I have permission.
- I only talk with and open messages from people I know.
- I will only click on links if I know they are safe.
- I know that people I meet online may not always be who they say they are. If someone online suggests meeting up, I will immediately talk to an adult.
- I will protect myself by not telling anyone I meet online my address, my telephone number, my age, my school name or by sending a picture of myself without permission from a teacher or other adult.
- If I get unpleasant, rude, or bullying emails or messages, I will report them to a teacher or other adult. I will not delete them straight away, but instead, keep them so I can show them to the person I am reporting it to.
- I will always be myself and not pretend to be anyone or anything I am not. I know that posting anonymous messages or pretending to be someone else is not allowed.

Learning

- I know that I will be able to use the internet in school for a variety of reasons, if I use it responsibly. However, I understand that if I do not, I may not be allowed to use internet or computers/ipads at school.
- I always ask permission from an adult before using the internet.
- I only use websites and search engines that my teacher has chosen.
- I use school devices for school work unless I have permission otherwise.
- If I need to learn online at home, I will follow the school remote learning AUP.

Trust

- I know that not everything or everyone online is honest or truthful.
- I will check content on other sources like other websites, books or with a trusted adult.
- I always credit the person or source that created any work, images, or text I use.
- I will always check before I download software or data from the internet. I know that information on the internet may not be reliable and it sometimes needs checking.
- If I bring in memory sticks from outside of school, I will always give them to my teacher so they can be checked for viruses and content before opening them.

Responsible

- I keep my personal information safe and private online.
- I will keep my passwords safe and will not share them.
- I will not access or change other people's files or information.
- I will only change the settings on a device if a member of staff has allowed me to.
- I know that being responsible means that I should not look for bad language, inappropriate images or violent or unsuitable games, and that if I accidentally come across any of these I should report it to a teacher or adult in school, or a parent or carer at home.

Tell

- If I see anything online that I should not or if I see something online that makes me feel worried or upset, I will minimise the screen or put the iPad face down and tell an adult immediately.
- If I am aware of anyone being unsafe with technology, I will report it to an adult at Higham Primary School.
- I know it is not my fault if I see, or someone sends me, something upsetting or unkind online.
- I always talk to an adult if I am not sure about something or if something happens online that makes me feel worried or frightened.

Understand

- I understand that the school internet filter is there to protect me, and I will not try to bypass it.
- I know that all school devices and networks are monitored to help keep me safe, including when I use them at home. This means someone at Higham Primary School may be able to see and/or check my online activity when I use school devices and/or networks if they are concerned about my or anyone else's safety or behaviour.
- If, for any reason, I need to bring a personal device, for example a smart/mobile phone and/or other wearable technology into school, then I know that it is to be handed in to the school office and then collected at the end of the school day.
- I have read and talked about these rules with my parents/carers.
- I know that I am not allowed on personal email, social networking sites or instant messaging in school.
- I can visit www.ceopeducation.co.uk and www.childline.org.uk to learn more about being safe online.
- I know that if I do not follow the rules an adult will speak to me and consequences will be as per the traffic light systems and my parents may be contacted. At the discretion of the headteacher, I may no longer be allowed access to the internet or use the computers or iPads in school.

Acceptable Use of Technology Policy – Parent / Carer Agreement

I, with my child, have read and discussed Higham Primary School Acceptable Use of Technology Policy (AUP) – Learner Agreement and understand that the AUP will help keep my child safe online.

1. I understand that the AUP applies to my child use of school devices and systems on site and at home, and personal use where there are safeguarding and/or behaviour concerns. This may include if online behaviour poses a threat or causes harm to another pupil, could have repercussion for the orderly running of the school, if a pupil is identifiable as a member of the school, or if behaviour could adversely affect the reputation of the school.
2. I understand that any use of school devices and systems are appropriately filtered; this includes the 'Smoothwall Filtering and Monitoring' system.
3. I am aware that any use of school devices and systems may be monitored for safety and security reasons, when used on and off site. this includes the 'Smoothwall Filtering and Monitoring' system. Monitoring approaches are in place to keep my child safe and to ensure policy compliance. This monitoring will be proportionate and will take place in accordance with data protection (including GDPR), privacy, and human rights legislation.
4. I understand that the school will take every reasonable precaution, including implementing appropriate monitoring and filtering systems as above, to ensure my child is safe when they use school devices and systems, on and offsite. I however understand that the school cannot ultimately be held responsible for filtering breaches that occur due to the dynamic nature of materials accessed online, or if my child is using a personal device, including mobile or smart technologies.
5. I am aware that the school mobile and smart technology policy states that my child cannot use personal devices, including mobile and smart technology on site. Learners' personal devices and mobile phones are to be handed into the school office each morning and are returned at the end of the day.
6. I understand that my child needs a safe and appropriate place to access remote/online learning, for example if the school is closed. I will ensure my child's access to remote/online learning is appropriately supervised and any use is in accordance with the school's remote learning AUP. When accessing video learning, I will ensure they are an appropriate location (e.g. not in bed) and that they are suitably dressed.
7. I and my child are aware of the importance of safe online behaviour and will not deliberately upload or share any content that could upset, threaten the safety of or offend any member of the school community, or content that could adversely affect the reputation of the school.
8. I understand that the school will contact me if they have concerns about any possible breaches of the AUP or have any concerns about my child's safety online.
9. I will inform the school (for example speak to a member of staff and/or the Designated Safeguarding Lead or deputies in their absence) or other relevant organisations if I have concerns over my child's or other members of the school communities' safety online.
10. I know that my child will receive online safety education to help them understand the importance of safe use of technology and the internet, both in and out of school.

Higham Primary School Acceptable Use of Technology Policy

11. I understand my role and responsibility in supporting the school online safety approaches and safeguarding my child online. I will use parental controls, supervise access and will encourage my child to adopt safe use of the internet and other technology at home, as appropriate to their age and understanding.
12. I know that my child will be provided with internet access and will use a range of IT systems in order to access the curriculum and be prepared for modern life whilst at Higham Primary School.
13. I will support school safeguarding policies and will ensure that I appropriately monitor my child's use of the internet outside of school and discuss online safety with them when they access technology at home.
14. I know I can seek support from the school about online safety, such as via the school website, to help keep my child safe online at home.
15. I will support the school approach to online safety. I will role model safe and positive online behaviour for my child by sharing images, text, and video online responsibly.
16. I understand that if I or my child do not abide by the Higham Primary School AUP, appropriate action will be taken. This could include sanctions being applied in line with the school behaviour policy and if a criminal offence has been committed, the police being contacted.
17. I know that I can speak to the Designated Safeguarding Lead (C Grattan) or deputy DSL's (V Levy, C Driscoll, A Dunn) in her absence, my child's teacher or the headteacher if I have concerns about online safety.
18. At Higham Primary School we cannot dictate to you as parents/carers the social media/gaming platforms that you allow your child to use. As a parent I will make myself aware of age guidance on Facebook, Whatsapp, TikTok, Twitter, Instagram, gaming platforms and any other forms of social media platforms and I will use my parental responsibility to keep my child safe. (As a school we have found that use of these platforms can spill over into class interaction and sometimes cause upset).

Acceptable Use of Technology Policy for Staff, Visitors and Volunteers

Acceptable Use of Technology Policy – Staff Agreement

As a professional organisation with responsibility for safeguarding, all members of staff are expected to use Higham Primary School IT systems in a professional, lawful, and ethical manner. To ensure that members of staff understand their professional responsibilities when using technology and provide appropriate curriculum opportunities for learners, they are asked to read and sign the staff Acceptable Use of Technology Policy (AUP).

At Higham Primary School we will only use age appropriate learning and learning will be adapted according to a child/class age and needs.

Our AUP is not intended to unduly limit the ways in which members of staff teach or use technology professionally, or indeed how they use the internet personally, however the AUP will help ensure that all staff understand Higham Primary School's expectations regarding safe and responsible technology use, and can manage the potential risks posed. The AUP will also help to ensure that school systems are protected from any accidental or deliberate misuse which could put the safety and security of our systems or members of the community at risk.

Policy Scope

1. I understand that this Acceptable Use of Technology Policy (AUP) applies to my use of technology systems and services, either provided to me by the school or accessed as part of my role within Higham Primary School both professionally and personally, both on and offsite. This may include my use of laptops, mobile phones, tablets, digital cameras, as well as IT systems and networks, email, data and data storage, remote learning systems and communication technologies.
2. I understand that Higham Primary School's Acceptable Use of Technology Policy (AUP) should be read and followed in line with the school Code of Conduct for staff and volunteers and remote learning AUP.

Data and System Security

7. To prevent unauthorised access to systems or personal data, I will not leave any information system unattended without first logging out or securing/locking access.

8. I will respect school system security and will not disclose my password or security information to others.

As a rule, I will use school cameras and film recorders to photograph or film children. In the event that I use my own equipment, such images will not be stored for longer than is necessary but I will transfer them to school memory systems or delete them.
 - o I will only take or publish images of staff and students with their permission and in accordance with the school's policy on the use of photographic images. Images published on the school website, online learning environment etc... will not identify students by name or other personal information.

7. The school wireless service is not secure, and the school cannot guarantee the safety of traffic across it. Use of the school wireless service is done at my own risk. By using this service, I acknowledge that security errors and hacking are an inherent risk associated with any wireless network. I confirm that I knowingly assume such risk.
8. The school accepts no responsibility for any software downloaded and/or installed, email opened, or sites accessed via the school wireless service's connection to the internet. Any damage done to equipment for any reason including, but not limited to, viruses, identity theft, spyware, plug-ins or other internet-borne programs is my sole responsibility; and I indemnify and hold harmless the school from any such damage.
