

Dear Parent,

Your child's class is now using Mathletics. Mathletics is the next generation in learning as it helps students enjoy maths and achieve great results.

About Mathletics

Mathletics is a web-based learning program which integrates home and school learning via the internet. Mathletics is syllabus based from Early Years to Year 13 and is currently used in over 3000 schools. There are thousands of students in schools across the USA, UK, Singapore, Australia and New Zealand are accessing the site every day!

Your child has 24 hour access to Mathletics by using a unique user name and password. We recommend that you spend time looking at the program with your child so that you can gain the greatest understanding of how Mathletics will benefit your child.

Benefits of Mathletics

- Students love Mathletics!
- Students are engaged and motivated to learn.
- Mathletics is adaptive which means that it responds to the individual student's strengths and weaknesses.
- Students instantly know if they are on the right track and can work through the curriculum at their own pace.
- Animated support guides students through concepts at their own pace which is like having a personal maths tutor 24 hours a day!
- Live Mathletics fosters a stimulating and exciting online learning community.
- Results flow seamlessly between home and school so you can stay informed of your child's progress.
- Weekly parent emails allow you to monitor your child's progress.
